

GOKUL M S

Aspiring Software Developer

✉ gokulmarimuthu44@gmail.com ☎ +91 9944080195 🔗 LinkedIn | Gokul M S

📍 Erode, Tamil Nadu, India

Career Objective

To pursue a challenging role in a growth-focused IT organization where I can strengthen my technical skills and contribute to building effective software solutions.

Education

B.E Electronics and Communication Engineering

Kongu Engineering College
CGPA: 8.42 | 2021–2025

HSC

Erode Hindu Kalvi Nilayam Matric Hr. Sec. School
Percentage: 81.67% | 2020–2021

SSLC

Reliance Matric Hr. Sec. School
Percentage: 73.4% | 2018–2019

Skills

Programming Languages: Java, Python

Database: SQL

Tools & Technologies: Git, JDBC

Core Areas: Data Structures & Algorithms, OOP Concepts

Area of Interest

- Backend Development
- Data Structures and Algorithms

Languages

English, Tamil

Projects

A Node to Node Access Control for Device to Device Communication

Technologies: Network Simulator (NS3)

Description: Designed and implemented an access-control algorithm to improve device-to-device communication in IEEE 802.11 networks.

- Optimized channel access using dynamic backoff and MIMO techniques.
- Reduced latency and improved throughput in dense wireless environments.

Wireless Power Restore Alert System

Technologies: Arduino Nano, RYLR896 LoRa Module

Description: Developed an handy alert device for factory technician to turn off the generator when grid power is restored

- Implemented long-range LoRa communication for reliable signal transmission.
- Created an automated buzzer-based alert mechanism for quick response.

Participation

Paper Presentation

- Presented a paper on "Dynamic behavior of high-speed gears with active vibration control using active magnetic bearings" at IIT Madras
- Presented a paper on "AED Drone" at Ideathon KEC

Inplant Training

- Inplant training at Sakthi Sugars Limited, Sakthi, Erode

Achievements

- Won 3rd prize in FABEX conducted by IEF(Ehoryzon'23) at KEC
- Won 3rd place in District level silambam Tournament
